

MANAGERS SUPPORTING NEURODIVERGENT STAFF

E-learning and training for managers and leaders

Build confidence | Remove barriers | Help staff thrive at work

E-Learning

Identifying & Implementing Effective Support for Neurodivergent Staff

A flexible e-learning programme helping managers and leaders confidently support neurodivergent employees.

You'll learn how to:

- Understand neurodiversity and individual needs
- Have supportive workplace conversations
- Identify and implement reasonable adjustments
- Meet legal and professional responsibilities
- Build neuroinclusive cultures where everyone can succeed

Includes practical tools, downloadable resources and workplace guidance.

Neuro-Potential™: Supporting Neurodivergent Staff

A practical, evidence-based workshop helping managers and leaders confidently support neurodivergent employees.

You'll learn how to:

- Understand neurodiversity and workplace barriers
- Have effective support conversations
- Identify and implement reasonable adjustments
- Meet legal and professional responsibilities
- Create more neuroinclusive teams and cultures

Session information

- Choose a face-to-face or online session
- Both formats cover the same content
- Attend one session only
